NORTH GERMAN LLOYD STEAMER SUNK BY BRITISH

Lines Move Back Short Distance

French War Office Issues Report.

TERRIFIC CONFLICTS OVER WHOLE REGION

Allies Claim General Result of Engagements Has Been to Their Advantage.

Paris, Aug. 27.—An official statement issued by the war department says:

"In the north the Franco-British lines have been moved back a short distance. In a general way our offensive between Nancy and Vosges makes headway. Our right, however, has been obliged to fall back slightly in the region of St. Die.

In the north resistance continues. The enemy appears to have suffered considerable loss, more than 1,500 bodies having been found in a very small space in a trench. Some had been stricken as they stood in the attitude of firing their rifles.

"A series of fiercely contested combats has been going on during the last three days in the whole region, which were generally to our advantage."

ALL QUIET AT TSINGTAU

German Seaport in China Is Almost Deserted.

Peking, Aug. 27.—Letters and telegrams received here from Tsingtau say that the seaport, commercially active and bustling in normal times, now is virtually deserted with the exception of the Chinese laborers who are detained by force, and the German soldiers who from time to time are seen passing through the city streets.

Excepting a few Americans and about forty women, who have remained behind to nurse the wounded, all the noncombatants have departed. Chinese rickshaw coolies and house servants almost have all disappeared. The members of the German garrison man the fortifications.

GERMAN CAVALRY RAIDING

Mounted Men Are Scouring Country Around Lille.

London, Aug. 27.—The Daily Mail's Paris correspondent says the Germans, it is now believed, are attacking the allies from the Southern Belgian frontier. Cavalry raids are frequent around Lille.

Wounded Germans say their officers' orders are to advance at any cost, even to forfeit, if necessary, 50 per cent of the army to gain a victory.

The Germans made six successive attacks on the British troops in an effort to cut their lines of communication, but were unsuccessful.

BELGIANS DEFEAT UHLANS

Compel Detachment of German Cavalry to Retire.

Paris, Aug. 27.—A dispatch to the Hague agency from Ostend says that a squadron of Uhlans with quick firing guns seized a railroad station near Ostend. They carried away the station safe, blew up a portion of the track and left in the direction of Ostend.

At Snaeskerke bridge Belgian gendarmes in automobiles and one bicycle came up with and engaged them. After an hour's fighting the Uhlans fled, carrying away seven dead. The Belgians lost six men killed and two wounded.

ELEVEN LIVES ARE LOST

Princess Victoria Collides With Liner During Heavy Fog.

Seattle, Aug. 27.—The official list of dead furnished by the Pacific-Alaska Navigation company, whose steel steamship Admiral Sampson was rammed and sunk by the Canadian Pacific liner Princess Victoria, twenty miles north of Seattle, contains eleven names.

Eight members of the crew, two passengers and an alleged stowaway are reported lost, but four other passengers are missing and are believed to have perished.

DUKE OF CONNAUGHT.

Appeals for Funds to Aid Soldiers' Families.

ISSUES APPEAL FOR FUNDS

Duke of Connaught Asks Aid for Soldiers' Families.

Ottawa, Ont., Aug. 27.—The Duke of Connaught issued a personal appeal to the people of Canada in behalf of the Canadian patriotic fund, the object of which is to provide for the needs of the wives, families and dependent relatives of Canadian soldiers who go to the front.

"Unless generous minded citizens come to their aid," the appeal reads, "there will be, during the coming winter, much hardship in many families during the absence of the breadwinners."

"I am convinced that all Canadian hearts will go out to their brave fellow citizens who have gone to the front. A prompt and hearty response to this appeal will put all anxiety to rest about those near and dear to them, and also will afford to those who cannot get an opportunity of doing their duty to Canada and the empire."

LATEST DEVELOPMENTS IN EUROPE.

The French war office official statement says that in the north the French and British lines have been moved back a short distance, as well as the French right in the region of St. Die. The French troops, on the offensive between Nancy and Vosges, are said to be making headway.

From Antwerp comes the announcement that the Belgian troops have compelled the Fourth German division, advancing southward, to retrace its steps.

London reports that Togoland, the German possession on the west coast of Africa, has surrendered unconditionally.

A Bucharest report says that Tarnopol, an important town in Galicia, has been occupied by the Russians. While the Russians themselves claim that they have driven the Austrians back to the river Selota Lipa, thirty miles west of Tarnopol, and about fifty miles east of Lemberg, the Galician port.

Direct dispatches from Tsingtau, capital of the German protectorate of Kiaochow, say that there is no evidence as yet of Japanese warships or field troops in that neighborhood.

REDUCE PRESSURE ON FRENCH FORCES

Belgians Report Result of Their Field Operations.

London, Aug. 27.—The following official announcement has been issued at Antwerp, according to the Reuter correspondent there:

"The Belgian operations have succeeded in the double object of diminishing the German entrenchments and drawing the German troops on the line between Malines and Brussels, and thus reducing pressure on the French positions.

"We have compelled the Fourth German division, which was advancing southward, to retrace its steps. The Fourth Belgian division at Namur has fulfilled its task, arresting the German column and allowing the Belgians to retire on the French line. The Namur forts are still holding out."

Special to The Dispatch:—

London, Aug. 27, 2:55 P. M.—"Kaiser Wilhelm Der Grosse" was sunk off the west coast of Africa by the British cruiser, "Highflyer." The vessel was one of the palatial steamers of the North German Lloyd line.

PREMIER ASQUITH REPORTS ON WAR

Special to Dispatch:—

London, Aug. 27, 2:55 P. M.—Premier Asquith announced in the House of Commons today that Field Marshal Sir John French, commander of the British expeditionary force, reported he was engaged yesterday against superior German forces. The British troops fought splendidly and General French considers the prospects in the impending battle satisfactory, the premier said.

EXTENT OF GERMAN OCCUPATION GIVEN

Special to Dispatch:—

London, Aug. 27, 10:50 A. M.—A dispatch from Ostend says the Germans have occupied Lille, Roubaix and Valenciennes, all in France. Roubaix is five miles from the Belgian frontier and Lille and Valenciennes are ten miles from the line. Lille is the most important from a military point of view. It has a fortress of the first class.

ALLIED LINES ARE PENETRATED

Special to The Dispatch:—

Paris, Aug. 27, 11:35 A. M.—The war office again withheld any morning statement but unofficial reports told of new German successes in the northern part of the departments of Meuse and Meurthe Et Moselle. The Allied lines are said to have been penetrated between the old fortress of Montmedy and Longwy.

AUSTRIA REASSURES ITALY

Denies Aggressive Intentions Against the Latter.

London, Aug. 27.—A dispatch to the Exchange Telegraph company from Rome says that according to advices from Vienna General Conrad, chief of the Austrian staff, has sent the following message to the Italian government:

"The report published in Italy that Austria-Hungary has aggressive intentions against Italy in order to revenge itself for Italy's failure to participate in the war are absolutely without foundation" and are stigmatized as malignant efforts put forth by a third party.

Repulse English Cavalry.

Washington, Aug. 27.—The German embassy received the following wireless message from the Berlin foreign office by way of Sayville, Long Island: "An English cavalry brigade has been repulsed at Maubeuge. An English infantry division has been beaten off with complete rout of the division. Many prisoners were taken. A French official communication proves that the French offensive on the Belgian line and the Lorraine frontier has been ruined."

+ NEW ATTEMPT TO DROP BOMBS ON ANTWERP FAILS +
+ Paris, Aug. 27.—A dispatch to the Havas agency from Antwerp says it is announced officially that a dirigible Zeppelin balloon made another attempt to drop bombs on the city but that it failed because of the precautionary measures taken by the Belgians. +

Ontario Gives England Flour.

Toronto, Aug. 27.—The province of Ontario will make its first contribution to imperial aid in the form of 250,000 bags of flour at a cost of \$750,000. This was decided after a meeting of the cabinet.

TREASURY ISSUE A SUCCESS

Banks Take Over Bulk of Large English Issue.

London, Aug. 27.—The second issue of £15,000,000 (\$75,000,000) in treasury bills has been another success. The total applications, which were principally from banks, amounted to over £40,000,000. Those who made application at a fraction over 98 will get their allotments in full. The interest works out at slightly over 3 1/2 per cent.

The treasury announcement that certificates would be issued to the banks instead of notes created the hope that this additional state assistance would induce the banks to grant full facilities to traders to assist trade.

RUSSIAN ADVANCE CONTINUES

Czar's Forces Invading Prussia.

GERMAN TROOPS ARE STEADILY RETIRING

Fighting Said to Have Been Obstinate and Sanguinary.

London, Aug. 27.—A St. Petersburg dispatch to the Reuter Telegram company says that the Russian troops in Eastern Prussia have occupied the towns of Nordenburg, Sensburg and Bischofsburg and the railway station at Rothfless and adds that the Russian advance continues.

In Eastern Galicia the Russians have driven back the Austrian rear guard beyond the River Selota Lipa, which runs north and south, about thirty miles west of Tarnopol.

The rush of the main Russian army toward the fortress of Posen, in the German province of Posen, was regarded here as sensational news. It might account for the Germans falling back in Eastern Prussia.

The report that the French had abandoned their positions in Alsace has not been confirmed, although it is labeled as official by the news agency which carried it. Other versions of the same official statement do not contain this reference and the French embassy declared that it knew nothing of the matter.

Since the withdrawal of the allied armies to the defenses of the French frontier virtually no news has reached the public of the military operations in Southern Belgium.

Owing to the difficulty of compiling a correct list along such an extended front no details of the British casualties, which Premier Asquith estimated at 2,000, have been received.

GERMAN FORCE RETIRING

Russians Are Advancing Rapidly in East Prussia.

St. Petersburg, Aug. 27.—The Novoe Vremya says that although the general staff has made public only the barest details regarding the striking success to the Russian arms in East Prussia it is apparent that the greater part of that province is now occupied by Russians and that the Germans are in a condition of demoralization.

"Although no figures of the casualties have been given," the newspaper adds, "the fighting was most obstinate and sanguinary. The German retreat finally degenerated into a rout. Their evacuation of the western part of the Russian Poland is now virtually complete. The Germans evidently were disappointed and nonplussed by the failure of the Russian Poles to rise against Russia."

"The German prisoners are reported to be indifferent as to their captivity."

GERMANS ARE RETREATING

Russians Report Steady Invasion of Prussia.

New York, Aug. 27.—The military attaché of the Russian embassy, through the Russian consulate, issued the following statement:

"In Eastern Prussia, Monday, the line of the River Angerapp, although fortified for defense, was abandoned by the enemy, without an attempt to offer resistance. Insterburg and Angerburg are occupied by the Russian troops. The enemy has retreated in great disorder, partly toward Koenigsberg and partly toward Rostenburg."

"From the front Ortelburg-Soldau the Russians are gradually advancing, the enemy retreating to Osterode and leaving several guns, machine guns, ammunition wagons and prisoners."

Russians Have 3,000,000 Men.

St. Petersburg, Aug. 27.—The Russian army invading East Prussia is stated on the highest authority to number three million men, while a reserve of five million is slowly following up their victorious march.

Japan May Send Squadron.

London, Aug. 27.—It is intimated here that Japan's answer to the Austrian declaration of war will be to dispatch a Japanese squadron to the Adriatic, which would permit the assembling of the warships of the allies in all quarters of the globe.

ARISTIDE BRIAND.

Minister of Justice in New French Cabinet.

WHEAT RISES SEVEN CENTS

Sensational Jump in Price on Minneapolis Market.

Minneapolis, Aug. 27.—Wheat went up more than 7 cents to \$1.18 for Minneapolis September and \$1.19 for Minneapolis December. Cash wheat sold as high as \$1.25 for No. 1 hard. Millers refused to quote any price at all for flour and all grain markets were strong, corn, oats and rye going higher.

Argentina was reported to have prohibited the exportation of grain or flour until October, in one report received. Copenhagen reported a prohibitive order on barley exports. The French consul in New York was reported buying quantities of oats for cash and Montana oats were up, while buyers on the Pacific coast, taking big lots, were said to represent France and England.

WAVERS BETWEEN WAR AND NEUTRALITY

Turkish Government Undecided as to Its Course.

Washington, Aug. 27.—Tension is so acute in Constantinople that diplomats there fear Turkey at any moment may be drawn in the general European war on the side of Germany and Austria.

A strict censorship has been placed on the newspapers in Turkey, which are controlled by the military and are being issued, according to diplomatic dispatches here, to create a strong pro-German feeling.

The Turkish cabinet is wavering between a declaration of war and the preservation of neutrality. The diplomatic representatives of the various powers are in constant conference with the government officials. Great Britain and Russia endeavoring to keep Turkey neutral. The German ambassador, it is understood, has intimated that while Germany wishes Turkey to remain neutral he believes the Ottoman empire should mobilize to prevent an invasion by Russia.

REPORTED SERBS TAKE 4,000 MORE AUSTRIANS.

London, Aug. 27.—With the reoccupation of Shabats by the Serbians, says a dispatch to the Exchange Telegraph from Cetinje, Montenegro, the 4,000 Austrian prisoners have been doubled, 4,000 additional men having been captured between Losauza and Shabats during the latter town.

Servian casualties in retaking Shabats are admitted to have been very heavy.

RISES ON CHICAGO MARKET

Price of Wheat Goes Up as Result of War.

Chicago, Aug. 27.—The price of wheat on the Chicago board of trade was bid up excitedly. Actual transactions were few owing to the optimism of holders that the European war will send the market still higher, but the prices at the close were 5 1/2 cents to 6 1/2 cents higher. The war is not yet a month old, but traders point out that in that time the value of wheat in the Chicago market has increased from an average of a little more than 25 cents a bushel.

A year ago September wheat was selling at 86 1/2 cents and December at 90 cents.

FRENCH CABINET RESIGNS

Premier Forms Another at Once.

TO HAVE WIDER SCOPE

Change Due to Crisis Through Which Country Is Passing.

Paris, Aug. 27.—The French ministry, headed by Premier Rene Viviani, resigned. Another cabinet was formed immediately.

Premier Viviani visited Elysee palace and notified President Poincare that the members of the cabinet decided to resign collectively. He said that he and his colleagues had come to the conclusion that in the circumstances through which the country was passing the ministry should have a wider scope and comprise all the best men in all the republican groups. President Poincare charged M. Viviani with the task of organizing a new cabinet, which the premier accepted. He returned to Elysee about an hour later and made known to the president the composition of the new ministry, which is as follows:

President of the council without portfolio, Rene Viviani; minister of foreign affairs, Theophile Delcasse; war, Alexandre Millerand; justice, Aristide Briand; interior, Louis J. Malvy; marine, Victor Augagneur; finance, Alexandre Ribot; public instruction, Albert Saraut; public works, Marcel Sembat; commerce, Gaston Thompson; colonies, Gaston Doumergue; agriculture, Fernand David; labor, Blenheim Martin; without portfolio, Jules Guesde; under secretary of fine arts, Albert Daladier.

Among the members of the new cabinet are several former premiers and many members of former cabinets.

Marcel Sembat is a United Socialist deputy and M. Guesde a Socialist deputy. M. Delcasse was formerly ambassador to Russia. M. Millerand is a former minister of war.

WAR WOULD SOON CEASE

If America Placed an Embargo on Food Products.

New York, Aug. 27.—The United States government could stop the war in Europe by placing an embargo on wheat, flour and other products, it was asserted at District Attorney Whitman's "John Doe" investigation into the increased cost of living since the conflict began.

Chief Magistrate McAdoo, before whom the inquiry is in progress, questioned witnesses as to what the effect would be if America cut off wheat to the belligerent nations. James Ward Warner, president of the New York Produce exchange, and George Zabinski, resident manager for Minneapolis manufacturers of flour, each said the end of warfare abroad must result.

CANADIANS TO SAIL SOON

Dominion Authorities Will Hurry Departure of Troops.

Ottawa, Ont., Aug. 27.—The first complement of Canadian volunteers to go to the front will be sent in twenty transports with all possible speed. Official announcement to this effect was made by the militia department. The Princess Patricia light infantry expects to sail Saturday.

Reports of reverses to the allies in Europe have caused the authorities to redouble their efforts to expedite the sailing of Canadian soldiers and it is possible that they will leave sooner than was anticipated.

Twenty thousand volunteers are now in camp at Valcartier and 8,000 more are on their way from the Western sections of the Dominion.

Prince De Ligne Among Slain.

London, Aug. 27.—An Amsterdam dispatch to the Post says: "The Belgian legation at The Hague announces that Prince George de Ligne, who joined the Belgian colors as a volunteer, has been killed, also that Count Vanderburgh, a lieutenant in the Third regiment, Belgian lancers, was killed in the fighting near Diest."

German Colony Surrenders.

London, Aug. 27.—It was announced officially that German Togoland, Western Africa, has surrendered unconditionally.

RUSSIAN ADVANCE CONTINUES

Czar's Forces Invading Prussia.

GERMAN TROOPS ARE STEADILY RETIRING

Fighting Said to Have Been Obstinate and Sanguinary.

London, Aug. 27.—A St. Petersburg dispatch to the Reuter Telegram company says that the Russian troops in Eastern Prussia have occupied the towns of Nordenburg, Sensburg and Bischofsburg and the railway station at Rothfless and adds that the Russian advance continues.

In Eastern Galicia the Russians have driven back the Austrian rear guard beyond the River Selota Lipa, which runs north and south, about thirty miles west of Tarnopol.

The rush of the main Russian army toward the fortress of Posen, in the German province of Posen, was regarded here as sensational news. It might account for the Germans falling back in Eastern Prussia.

The report that the French had abandoned their positions in Alsace has not been confirmed, although it is labeled as official by the news agency which carried it. Other versions of the same official statement do not contain this reference and the French embassy declared that it knew nothing of the matter.

Since the withdrawal of the allied armies to the defenses of the French frontier virtually no news has reached the public of the military operations in Southern Belgium.

Owing to the difficulty of compiling a correct list along such an extended front no details of the British casualties, which Premier Asquith estimated at 2,000, have been received.

GERMAN FORCE RETIRING

Russians Are Advancing Rapidly in East Prussia.

St. Petersburg, Aug. 27.—The Novoe Vremya says that although the general staff has made public only the barest details regarding the striking success to the Russian arms in East Prussia it is apparent that the greater part of that province is now occupied by Russians and that the Germans are in a condition of demoralization.

"Although no figures of the casualties have been given," the newspaper adds, "the fighting was most obstinate and sanguinary. The German retreat finally degenerated into a rout. Their evacuation of the western part of Russian Poland is now virtually complete. The Germans evidently were disappointed and nonplussed by the failure of the Russian Poles to rise against Russia."

"The German prisoners are reported to be indifferent as to their captivity."

GERMANS ARE RETREATING

Russians Report Steady Invasion of Prussia.

New York, Aug. 27.—The military attaché of the Russian embassy, through the Russian consulate, issued the following statement:

"In Eastern Prussia, Monday, the line of the River Angerap, although fortified for defense, was abandoned by the enemy, without an attempt to offer resistance. Interburg and Angerburg are occupied by the Russian troops. The enemy has retreated in great disorder, partly toward Koenigsburg and partly toward Rostenburg."

"From the front Ortelburg-Soldau the Russians are gradually advancing, the enemy retreating to Osterode and leaving several guns, machine guns, ammunition wagons and prisoners."

Russians Have 3,000,000 Men.

St. Petersburg, Aug. 27.—The Russian army invading East Prussia is stated on the highest authority to number three million men, while a reserve of five million is slowly following up their victorious march.

Japan May Send Squadron.

London, Aug. 27.—It is intimated here that Japan's answer to the Austrian declaration of war will be to dispatch a Japanese squadron to the Adriatic, which would permit the assembling of the warships of the allies in all quarters of the globe.

ARISTIDE BRIAND.

Minister of Justice in New French Cabinet.

WHEAT RISES SEVEN CENTS

Sensational Jump in Price on Minneapolis Market.

Minneapolis, Aug. 27.—Wheat went up more than 7 cents to \$1.18 for Minneapolis September and \$1.19½ for Minneapolis December. Cash wheat sold as high as \$1.25 for No. 1 hard. Millers refused to quote any price at all for flour and all grain markets were strong, corn, oats and rye going higher.

Argentina was reported to have prohibited the exportation of grain or flour until October, in one report received. Copenhagen reported a prohibitive order on barley exports. The French consul in New York was reported buying quantities of oats for cash and Montana oats were up, while buyers on the Pacific coast, taking big lots, were said to represent France and England.

WAVERS BETWEEN WAR AND NEUTRALITY

Turkish Government Undecided as to Its Course.

Washington, Aug. 27.—Tension is so acute in Constantinople that diplomats there fear Turkey at any moment may be drawn in the general European war on the side of Germany and Austria.

A strict censorship has been placed on the newspapers in Turkey, which are controlled by the military and are being issued, according to diplomatic dispatches here, to create a strong pro-German feeling.

The Turkish cabinet is wavering between a declaration of war and the preservation of neutrality. The diplomatic representatives of the various powers are in constant conference with the government officials. Great Britain and Russia endeavoring to keep Turkey neutral. The German ambassador, it is understood, has intimated that while Germany wishes Turkey to remain neutral he believes the Ottoman empire should mobilize to prevent an invasion by Russia.

WAR WOULD SOON CEASE

If America Placed an Embargo on Food Products.

New York, Aug. 27.—The United States government could stop the war in Europe by placing an embargo on wheat, flour and other products, it was asserted at District Attorney Whitman's "John Doe" investigation into the increased cost of living since the conflict began.

Chief Magistrate McAdoo, before whom the inquiry is in progress, questioned witnesses as to what the effect would be if America quit exporting to the belligerent nations. James Ward Warner, president of the New York Produce exchange, and George Zabinski, resident manager for Minneapolis manufacturers of flour, each said the end of warfare abroad must result.

CANADIANS TO SAIL SOON

Dominion Authorities Will Hurry Departure of Troops.

Ottawa, Ont., Aug. 27.—The first complement of Canadian volunteers to go to the front will be sent in twenty transports with all possible speed. Official announcement to this effect was made by the militia department. The Princess Patricia light infantry expects to sail Saturday.

Reports of reverses to the allies in Europe have caused the authorities to redouble their efforts to expedite the sailing of Canadian soldiers and it is possible that they will leave sooner than was anticipated.

Twenty thousand volunteers are now in camp at Valcartier and 8,000 more are on their way from the Western sections of the Dominion.

Prince De Ligne Among Slain.

London, Aug. 27.—An Amsterdam dispatch to the Post says: "The Belgian legation at The Hague announces that Prince George de Ligne, who joined the Belgian colors as a volunteer, has been killed, also that Count Vanderburgh, a lieutenant in the Third regiment, Belgian lancers, was killed in the fighting near Diest."

German Colony Surrenders.

London, Aug. 27.—It was announced officially that German Togoland, Western Africa, has surrendered unconditionally.

A Year Ago September Wheat Was Selling at 86½ Cents and December at 90½ Cents.

Chicago, Aug. 27.—The price of wheat on the Chicago board of trade was bid up excitedly. Actual transactions were few owing to the optimism of holders that the European war will send the market still higher, but the prices at the close were 3½ cents to 6½ cents higher.

The war is not yet a month old, but traders point out that in that time the value of wheat in the Chicago market has increased from an average of a little more than 25 cents a bushel.

A year ago September wheat was selling at 86½ cents and December at 90½ cents.

The Liberty Statue.

From time immemorial such great
sentiments as liberty, justice, truth
have been spoken of and when put into
verse, statue or painting have been
represented as being feminine. Just
why this should be so there is no tel-
ling, but it is so. It was in obedience
to this custom that "Liberty Enlight-
ening the World" stands in the shape
of a woman.—New York Journal.

There is more Catarrh in this section
of the country than all other diseases
put together and until the last few
years was supposed to be incurable. For
a great many years doctors pronounced
it incurable, and by constantly failing to
cure with local treatment, pronounced it
to be a constitutional disease, and there-
fore required constitutional treatment.
Halls' Catarrh Cure, manufactured by
F. J. Cheney & Co., Toledo, Ohio, is the
only constitutional cure on the market.
It is taken internally in doses from 10
drops to a tablespoonful. It acts directly
on the blood and mucous surfaces of

Murphy's**Our First Music Masters.**

Birds were our first music masters.
Authorities on harmony have written
volumes in search of the origin of the
minor scale. If they had turned to
the birds they might have discovered
it without any search whatever. In
every English copse the cuckoo (who
has but two notes at his command)
sings a perfect minor third downward.
Listen to our wood thrush's melody:
His cluster of three notes forms a per-
fect minor chord. Four hundred years
before Christ, Aristophanes wrote a
play entitled "The Birds," which was
produced at Harvard a few years ago,
the vocal part being set to music by
John K. Paine.—Suburban Life.

No. 265.
An Ordinance to Regulate the Use of
Streets, Avenues and Alleys within the
City of Brainerd by Vehicles, and Im-
posing a Tax or Fee for Such Use.

The City Council of the City of Brainerd
do ordain as follows: That, provided,
Section 1. It shall be unlawful for
any person, firm or corporation to use,
or cause or permit any of his or its
agents or employees to use, any vehicle
in the transportation of persons or prop-
erty upon the streets, avenues or alleys
of the city, unless such vehicle be li-
censed as hereinafter provided. Provi-
ded, that this ordinance shall not apply to
steam or street railway cars.

Section 2. Any person, firm or cor-
poration desiring a license for any such
vehicle shall make and file an applica-
tion with the City Clerk, setting forth
the name and address of the applicant, a
description of the vehicle for which the
license is desired, the place where such
vehicle is to be kept when not in use,
and such other information as may be
required in order to determine the class
or style of vehicle so licensed.

Said applicant shall pay to the Treas-
urer of the City of Brainerd, the amount
of the fee named in Section Three here-
of, and upon presentation of the receipt
of the Treasurer therefor, the City Clerk
shall issue or cause to be issued to said
applicant a license authorizing the use
of such vehicle within the city until
the expiration of such license.

Section 3. That the license fee to be
paid by said applicant to the City Treas-
urer shall be as follows:
Class A—One horse vehicle, \$1.00.
Class B—Two horse or three horse ve-
hicles, \$2.00.
Class C—Four horse vehicles, \$4.00.
Class D—More than four horse ve-
hicles, \$5.00.
Class E—Automobiles, \$5.00.
Class F—Motorcycles, \$3.00.

Section 4. That upon the issuance of
said license, the City Clerk shall deliver
to the applicant a metal plate, bearing
a number and the year for which such
license is issued, and it shall be the duty
of such applicant to affix such plate in a
conspicuous place upon the front or
right side of the horse drawing such ve-
hicle; or if such vehicle be a motor-
cycle or bicycle or tricycle, upon the rear
mud guard thereof where it can readily
be seen; and it shall be unlawful for
any person, firm or corporation to use
or to cause or permit any agent or em-
ployee to use any such vehicle, although
duly licensed, upon the streets, avenues
or alleys of the city, unless such plate
is affixed as herein provided; provided,
that it shall not be necessary for any
vehicle to have the aforesaid metal plate
affixed as aforesaid except when it is
in use upon the streets, avenues or
alleys of the city.

Provided, however, that if any manu-
facturer of or dealer in any of the motor
vehicles mentioned in this ordinance
shall make application to the City Clerk
and shall state therein under oath, that
he is such manufacturer or dealer, with-
in the city, and that he desires a license
and shall state under oath, that he will
employ, and that he will use such li-
cense plate only for automobiles owned
by such dealer, the City Clerk shall, up-
on the payment by such applicant of the
license fee in Class E, and One Dollar
(\$1.00) for each metal plate to be placed
on all automobiles owned or driven by
such dealer, to the City Treasurer, by
such manufacturer or dealer deliver to
such licensee a distinctive license plate
with a number thereon, which may be at-
tached to or borne by any such motor
vehicle while being operated upon the
streets of the city, and when any such
vehicle is in use, and carries such li-
cense plate, no other license shall be
collected under this ordinance, and no
other license plate need be affixed to
such vehicle.

Section 5. All the license fees paid
to the City Treasurer under this ordi-
nance shall be paid by him into the
Street Maintenance and Repair Fund,
and shall be paid out of such fund sole-
ly for the purpose of repairing and main-
taining the streets of said city upon
duly verified bills allowed by the Coun-
cil. Provided further, that the provi-
sions of this ordinance shall not apply
to transient vehicles coming into, thru,
out of or passing through the city, when
the driver thereof shall not have a fixed
place of business or habitation for at
least four consecutive weeks within the
corporate limits of said city.

Section 6. That any person, firm or
corporation violating any of the provi-
sions of this ordinance shall, upon con-
viction thereof, be subject to a fine of
not less than Five Dollars nor more
than One Hundred Dollars for each and
every offense, or to imprisonment for a
period not longer than sixty days; and
each day any vehicle is used upon the
streets, avenues or alleys of the City,
without the provisions of this ordinance
being complied with, shall be consid-
ered and held to be a separate and dis-
tinct offense hereunder.

Section 7. This ordinance shall take
effect upon its passage and after its
passage and publication.

Passed August 17th, 1914.

Attest:
V. N. ROBERICK,
City Clerk.

Approved August 25, 1914.

Published August 27th, 1914.

The Liberty Statue.

From time immemorial such great
sentiments as liberty, justice, truth
have been spoken of and when put into
verse, statue or painting have been
represented as being feminine. Just
why this should be so there is no tel-
ling, but it is so. It was in obedience
to this custom that "Liberty Enlight-
ening the World" stands in the shape
of a woman.—New York Journal.

There is more Catarrh in this section
of the country than in all other dis-
eases, and until the last few
years was supposed to be incurable. For
a great many years doctors pronounced
remedies, and by constantly failing to
cure with local treatment, pronounced it
incurable. Science has proven catarrh
to be a constitutional disease, and there-
fore requires constitutional treatment.
Hall's Catarrh Cure, manufactured by
J. C. Cheney & Co., Toledo, Ohio, is the

Our First Music Masters.

Birds were our first music masters.
Authorities on harmony have written
volumes in search of the origin of the
minor scale. If they had turned to
the birds they might have discovered
it without any search whatever. In
every English copse the cuckoo (who
has but two notes at his command)
sings a perfect minor third downward.
Listen to our wood thrush's melody!
His cluster of three notes forms a per-
fect minor chord. Four hundred years
before Christ, Aristophanes wrote a
play entitled "The Birds," which was
produced at Harvard a few years ago,
the vocal part being set to music by
John K. Paine.—Suburban Life.

No. 265.

An Ordinance to Regulate the Use of
Streets, Avenues and Alleys within the
City of Brainerd, by Vehicle, and Im-
posing a Tax or Fee for Such Use.

The City Council of the City of Brainerd
do ordain as follows:
Section 1. It shall be unlawful for
any person, firm or corporation to use,
or cause or permit any of his or its
agents or employees to use, any vehicle
in the transportation of persons or prop-
erty upon the streets, avenues or alleys
of the city, unless such vehicle be li-
censed as hereinafter provided. Provi-
ded, that this ordinance shall not apply to
steam or street railway cars, or to
vehicles used upon the streets, avenues or
alleys of the city, unless such vehicle be
licensed as hereinafter provided.

Section 2. Any person, firm or cor-
poration desiring a license for any such
vehicle shall make and file an applica-
tion with the City Clerk setting forth
the name and address of the applicant,
a description of the vehicle for which the
license is desired, the place where such
vehicle is to be kept when not in use,
and such other information as may be
required in order to determine the class
or style of vehicle so licensed.

Said applicant shall pay to the Treas-
urer of the City of Brainerd, the amount
of the fee named in Section Three here-
of, and upon presentation of the receipt
of the Treasurer therefor, the City Clerk
shall issue a license to the applicant, and
the applicant shall be entitled to use the
vehicle within the city until the ex-
piration of such license.

Section 3. That the license fee to be
paid by said applicant to the City Treas-
urer shall be as follows:
Class A—One horse vehicle, \$1.00.
Class B—Two horse or three horse ve-
hicles, \$2.00.
Class C—Four horse vehicles, \$4.00.
Class D—More than four horse ve-
hicles, \$5.00.
Class E—Automobiles, \$5.00.
Class F—Motorcycles, \$3.00.

Section 4. That upon the issuance of
said license, the City Clerk shall deliver
to the applicant a metal plate, bearing
a number and the year for which such
license is issued; and it shall be the duty
of such applicant to affix such plate in a
conspicuous place upon the front or
right side of such vehicle, or upon the
right side of the horse drawing the ve-
hicle, or if such vehicle be a motor-
cycle or bicycle or tricycle, upon the rear
guard thereof where it can readily be
seen; and it shall be unlawful for
any person, firm or corporation to use
or to cause or permit any agent or em-
ployee to use any such vehicle, although
duly licensed, upon the streets, avenues
or alleys of the city, unless such plate
is so affixed as aforesaid.

Section 5. All the license fees paid
to the City Treasurer under this ordi-
nance shall be paid by him into the
Street Maintenance and Repair Fund,
and shall be paid out of such fund sole-
ly for the purpose of repairing and main-
taining the streets of said city upon
duly verified bills as allowed by the Coun-
cil. Provided further, that the provi-
sions of this ordinance shall not apply to
transient vehicles coming in, thru,
or out of the city, when the owner or
driver thereof shall not have a fixed
residence in the city, and when any such
vehicle is in use and carries such li-
cense plate, no other license shall be
required under this ordinance, and no
other license plate need be affixed to
such vehicle.

Section 6. That any person, firm or
corporation violating any of the provi-
sions of this ordinance shall, upon con-
viction thereof, be subject to a fine of
not less than Five Dollars nor more
than One Hundred Dollars for each and
every offense, or to imprisonment for a
term not longer than sixty days; and
each day any vehicle is used upon the
streets, avenues or alleys of the City,
without the provisions of this ordi-
nance with respect to such vehicle hav-
ing been complied with, shall be consid-
ered and held to be a separate and dis-
tinct offense hereunder.

Section 7. This ordinance shall take
effect and be in force from and after its
passage and publication.
Passed August 17th, 1914.

C. A. LAGERQUIST,
Pres. of the City Council.

Attest:
V. N. RODERICK,
City Clerk.

Approved August 25, 1914.
R. A. HEENING,
Mayor.

AMENDMENTS ARE VOTED ON

Brainerd Chamber of Commerce
Adopts Twelve Amendments to its
By-Laws Last Night

MANY COMMITTEES REPORT

Preparing for Crop Breeders Improve-
ment Association and N. M. D.
A. December Conventions

A very interesting meeting of the Chamber of Commerce was held last evening at which a great many matters of importance were discussed. The attendance was small, due doubtless to Fiske O'Hara showing at the opera house. Twelve amendments were submitted for discussion by the special committee appointed to revise the by-laws. With few changes they were adopted as submitted. Amendments presented and adopted were of a nature to permit the committees and advisory board as well as the Chamber of Commerce membership to meet and transact business even though a small number were present. Arguments were made both pro and con that members must attend the meetings. The importance of the Chamber of Commerce is beginning to be recognized by the citizens as was shown by the many reports of committees and results accomplished.

A communication was read as regards donations to the Red Cross society for the relief of European sufferers in the great conflict. The communication was from the Minneapolis Civic and Commerce Association who have undertaken to collect funds and acting as treasurer. A communication from the American Specialty company now located at Crosby was read and referred to the manufacturing committee. The communication asked what inducements would be offered by citizens of Brainerd to locate here. The company manufactures cotton gloves, ladies sanitary aprons and other cloth specialties.

A report was made by the railroads and streets and boulevard committees regarding their action in having Sixth street planked and adjusting the Oak street crossing matter. The planking of Sixth street in accordance with their request was immediately done and the Oak street crossing matter, due to the fact that it came under another man's jurisdiction, will doubtless be promptly attended to.

The membership committee reported that applications had been procured for forty-two new memberships and that concerted action would be taken to secure additional applications. A list of prospective members had been drawn up by the committee showing the possibility of securing at least one hundred additional memberships with a short time.

The agricultural and convention committee reported that C. P. Bull, secretary of the Crop Breeders' Improvement Association and W. R. McKenzie, secretary of the Northern Minnesota Development Association had been invited to meet with the members next Monday evening for the purpose of going over the details of all arrangements, list of prizes to be offered, etc. Other committees of the county are to be given an opportunity to assist and advertise the county and their products. Remarks were made by several members showing that this meeting of the two associations in December would furnish Brainerd merchants and business men an excellent opportunity for advertising their goods and business. Details were referred back to the proper committees and it is possible that the committee will call upon merchants to ascertain to what extent they will cooperate and take advantage of the opportunity offered to advertise their individual business. Attention was called to the effort being made by the Southeast Playground association in establishing a playground with up-to-date equipment. Members expressed a desire that the Chamber offer their co-operation to the association and help accomplish the results desired as well as show a civic appreciation of the association's efforts.

A request was made by the chairman of the Public Utilities committee that additional members be added to this committee with the thought that greater good could be accomplished and more tangible results would be secured in consideration of the fact that matters of great importance had been referred to the committee for immediate action. Samples of grains, grasses, fruits and vegetables are being received daily and one room has been set aside by the House committee for the storing of specimens until shipment is made to the fair. All parts of the county seem to be responding liber-

CHAS. DELLMORE JR., IS VERY SICK

Sauk Center, Minn., Aug. 27.—Charles Dellmore, Jr., son of Mr. and Mrs. Charles Dellmore of Brainerd, is reported to be very sick at the Carpenter farm at Stiles, a small community near Sauk Center. Mr. Dellmore is a brakeman on the St. Paul passenger and was informed of the illness of his son when an automobile met the train at Little Falls and took him to the farm. The boy was brought to Brainerd this afternoon.

ally to the call for farm products and the committee are working intently with the result no doubt, that Crow Wing county will be creditably represented at the Minnesota exposition.

The matter of inattention being paid to Lum park and the apparent inactivity of the park committee was commented on. The secretary reported that due to the absence from the city of several members of the committee and the rush of other committee work, particularly that of the agricultural committee which was working hard on the State fair exhibit and the meeting of the two associations to be held here in December, he had been unable to give the park committee the attention it deserved but that a call would shortly be issued for the members to come together and an endeavor would then be made to get some definite action.

The committee on raising funds for the Brainerd Sash & Door factory was asked for a report. E. W. Thomas, chairman, stated that the committee were not ready to make a formal report at this time stating that there was good prospects of satisfactorily raising the required amount of money, but at the present time there were approximately sixteen hundred dollars yet to be raised. He asked members of the Chamber to render the committee such assistance as was possible and at such times as they were called upon with a view of making this, Brainerd's first attempt to assist a factory in their community, a decided success which could be referred to in the future with considerable pride.

The club rooms are undergoing repairs and the secretary hopes to have the equipment in A-1 condition very shortly. Already a more inviting atmosphere seems to prevail while members are making use of the reading room.

The Fishing Frog

The fishing frog buries himself in the mud and lies barely concealed in weeds, where, with his huge mouth open, he fishes for his dinner. On the back of his head there are three spines, the longest of which he bends forward in front of his mouth, gently swaying it in the water. At last it attracts a young fish, which makes a spring for the supposed worm, when—snap—the mouth is closed, and Mr. Fishing Frog has had his dinner. When man goes fishing he has better luck if he has "Zumalweiss" grain belt beers as a part of his outfit. J. O. Nelson, Tel. 179-J.—Adv.

LAST CONCERT OF SEASON TONIGHT

Brainerd City Band Plays Tonight at
the Depot Park on Front Street
Commencing 8 O'clock

OLD FAVORITES TO BE PLAYED

Work Started on the New Parker
Band Stand in Gregory Park,
Cement Foundations Laid

The last concert of the season will be given this evening at 8 o'clock at the depot park by the Brainerd City band, Dr. F. J. Sykora directing. The program will include many of the favorite selections rendered during the season.

This year the band played from June 1 to date, a concert every week. They also played on the Fourth of July and at Walker on the occasion of the merchants and clerks picnic. If the financial support is sufficient next year, the band will follow the plan of Hibbing, Virginia and other municipalities and play two concerts a week.

The band consists of 24 musicians who have been in constant rehearsal. These rehearsals are continued throughout the winter.

Work was commenced this morning on the Parker band stand in Gregory park. White Brothers are the general contractors. The cement foundation work is being done by J. C. Claussen.

COURT CASES HEARD

County Attorney G. S. Swanson Ap-
peared for the State in Crosby
and Brainerd Cases

At Crosby was heard the case against D. R. Hillis, charged with assaulting Anna Ollila. The trouble originated over a cow impounded and a jury sat on the case and then disagreed. It is to be tried again. County Attorney G. S. Swanson appeared for the state.

Three Austrians, Nic Badimer, Mike Strebich and Mike Lugowich, were tried for assault. Lugowich was found guilty.

County Attorney Swanson also investigated a case against Wm. Freisinger and after a thorough examination, the charge was dismissed.

In the case of Fred Cannon, charged with assaulting Arthur Algrim, Cannon was found guilty and was fined \$10 and costs of \$7.62. Attorney W. H. Crowell appeared for Cannon and said an appeal to the district court would be taken.

Brainerd Chamber of Commerce
Adopts Twelve Amendments to its
By-Laws Last Night

MANY COMMITTEES REPORT

Preparing for Crop Breeders Improve-
ment Association and N. M. D.
A. December Conventions

A very interesting meeting of the Chamber of Commerce was held last evening at which a great many matters of importance were discussed. The attendance was small, due doubtless to Fiske O'Hara showing at the opera house. Twelve amendments were submitted for discussion by the special committee appointed to revise the by-laws. With few changes they were adopted as submitted. Amendments presented and adopted were of a nature to permit the committees and advisory board as well as the Chamber of Commerce membership to meet and transact business even though a small number were present. Arguments were made both pro and con that members must attend the meetings. The importance of the Chamber of Commerce is beginning to be recognized by the citizens as was shown by the many reports of committees and results accomplished.

A communication was read as regards donations to the Red Cross society for the relief of European sufferers in the great conflict. The communication was from the Minneapolis Civic and Commerce Association who have undertaken to collect funds and acting as treasurer. A communication from the American Specialty company now located at Crosby was read and referred to the manufacturing committee. The communication asked what inducements would be offered by citizens of Brainerd to locate here. The company manufactures cotton gloves, ladies' sanitary aprons and other cloth specialties.

A report was made by the railroads and streets and boulevard committees regarding their action in having Sixth street planked and adjusting the Oak street crossing matter. The planking of Sixth street in accordance with their request was immediately done and the Oak street crossing matter, due to the fact that it came under another man's jurisdiction, will doubtless be promptly attended to.

The membership committee reported that applications had been procured for forty-two new memberships and that concerted action would be taken to secure additional applications. A list of prospective members had been drawn up by the committee showing the possibility of securing at least one hundred additional memberships with a short time.

The agricultural and convention committee reported that C. P. Bull, secretary of the Crop Breeders' Improvement Association and W. R. McKenzie, secretary of the Northern Minnesota Development Association had been invited to meet with the members next Monday evening for the purpose of going over the details of all arrangements, list of prizes to be offered, etc. Other committees of the county are to be given an opportunity to assist and advertise the county and their products. Remarks were made by several members showing that this meeting of the two associations in December would furnish Brainerd merchants and business men an excellent opportunity for advertising their goods and business. Details were referred back to the proper committees and it is possible that the committee will call upon merchants to ascertain to what extent they will cooperate and take advantage of the opportunity offered to advertise their individual business.

Attention was called to the effort being made by the Southeast Playgrounds association in establishing a playground with up-to-date equipment. Members expressed a desire that the Chamber offer their cooperation to the association and help accomplish the results desired as well as show a civic appreciation of the association's efforts.

A request was made by the chairman of the Public Utilities committee that additional members be added to this committee with the thought that greater good could be accomplished and more tangible results would be secured in consideration of the fact that matters of great importance had been referred to the committee for immediate action.

Samples of grains, grasses, fruits and vegetables are being received daily and one room has been set aside by the House committee for the storing of specimens until shipment is made to the fair. All parts of the county seem to be responding liber-

CHAS. DELLMORE JR., IS VERY SICK

Sauk Center, Minn., Aug. 27.—Charles Dellmore, Jr., son of Mr. and Mrs. Charles Dellmore of Brainerd, is reported to be very sick at the Carpenter farm at Stiles, a small community near Sauk Center. Mr. Dellmore is a brakeman on the St. Paul passenger and was informed of the illness of his son when an automobile met the train at Little Falls and took him to the farm. The boy was brought to Brainerd this afternoon.

ally to the call for farm products and the committee are working intently with the result no doubt, that Crow Wing county will be creditably represented at the Minnesota exposition.

The matter of inattention being paid to Lum park and the apparent inactivity of the park committee was commented on. The secretary reported that due to the absence from the city of several members of the committee and the rush of other committee work, particularly that of the agricultural committee which was working hard on the State fair exhibit and the meeting of the two associations to be held here in December, he had been unable to give the park committee the attention it deserved but that a call would shortly be issued for the members to come together and an endeavor would then be made to get some definite action.

The committee on raising funds for the Brainerd Sash & Door factory was asked for a report. E. W. Thomas, chairman, stated that the committee were not ready to make a formal report at this time stating that there was good prospects of satisfactorily raising the required amount of money, but at the present time there were approximately sixteen hundred dollars yet to be raised. He asked members of the Chamber to render the committee such assistance as was possible and at such times as they were called upon with a view of making this, Brainerd's first attempt to assist a factory in their community, a decided success which could be referred to in the future with considerable pride.

The club rooms are undergoing repairs and the secretary hopes to have the equipment in A-1 condition very shortly. Already a more inviting atmosphere seems to prevail while members are making use of the reading room.

The Fishing Frog

The fishing frog buries himself in the mud and lies barely concealed in weeds, where, with his huge mouth open, he fishes for his dinner. On the back of his head there are three spines, the longest of which he bends forward in front of his mouth, gently swaying it in the water. At last it attracts a young fish, which makes a spring for the supposed worm, when—snap—the mouth is closed, and Mr. Fishing Frog has had his dinner. When man goes fishing he has better luck if he has "Zumaheiss" grain belt beers as a part of his outfit. J. O. Nelson, Tel. 179-J.—Adv.

Each team had suffered one defeat during the entire season and a large crowd was out to see the battle royal and they were not disappointed, for it was a game worth going miles to see. Both teams played errorless ball and sensational fielding by both teams kept the fans on edge from the start. Frank Cannon's line drive over second for two bases scoring Ottwell proved the winning hit. After the first inning neither team could get a man across the plate.

At the Columbia

The management feels confident in saying that for tonight and tomorrow a show quite extraordinary holds the boards. Mary Pickford this week will appear at her very best and display her talents to better advantage than the play in which we saw her last week. "The Woman From Melons" is brim full of comedy and dramatic situations.

Richard Travers will also be seen in a noteworthy production entitled, "A Letter From Home." Mr. Travers has slowly worked himself forward until now he ranks with Maurice Costello, Bushmen and others for popular favor. Saturday will be fun night at the Columbia. Sunday and Monday as you all know, are baseball nights.

MORE TEACHERS AT CROSBY SCHOOLS

Conrad Raps is Again Engaged as Superintendent of the Crosby-Brainerd Schools

SOCIAL NEWS OF CROSBY

Injunction Asked to Restrict Village Council From Paying Detective Bills

Crosby, Minn., August 21—Conrad Raps has again been engaged as superintendent of the Crosby-Brainerd schools. The other teachers engaged are Alvin J. Smith, Mildred A. Tourtellot, Mabel Lovdahl, Mildred M. Parker, Therza North, Mae E. Roddeck, Florence Fuller, Martha Brinson, Lillian Selvig, Esther Anderson, Anna Denis, Winifred Wright, Maude Cullen, Florence A. Henne-muth, Grace M. Helt and Helen Con-lom. There is now an enrollment of 700 in the Crosby-Brainerd district.

Mrs. H. Ingall and E. G. Ingalls of Crosby and Miss Margaret Shook of Aitkin were Brainerd visitors Friday. In company with Mr. and Mrs. J. Stevenson they motored to Brainerd.

Mrs. W. E. Milberry is very sick. Miss Marie Sullivan visited in Aitkin Wednesday.

Mrs. F. A. Lindbergh has returned from Wadena where she visited two weeks.

I. E. Gaylord, formerly with the Crosby Exploration Co., has gone to Cleveland, Ohio, to continue his studies at the Case university.

The Misses Mabel and Dorothy Lovdahl are visiting friends in Wadena. L. E. Dunn spent Sunday in Brainerd.

Douglas Dear, of Hibbing, spent a few days with his mother, Mrs. R. B. Dear at Virginia Lodge.

M. F. Crosby has made improvements to his launch, overhauling its engines and making other changes.

Chester D. Tripp, president of the Rogers, Brown Ore Co., has returned from a trip to Chicago.

Don Wimmer was in Duluth over Sunday.

Dr. J. A. Thabes was in Crosby Tuesday.

An injunction has been asked to restrain the village council from

Certificate of Incorporation of First State Bank of Brainerd, Minnesota.

Know all men by these presents, that we have agreed to, and do hereby associate ourselves together as a Banking Corporation, under and pursuant to the provisions of the Laws of the State of Minnesota governing Banks of Discount and Deposit; and to that end we do hereby create and underwrite and subscribe the following Certificate of Incorporation, to-wit:

FIRST. The name of this corporation shall be the First State Bank of Brainerd, Minnesota.

SECOND. The general nature of its business shall be banking, receiving deposits, buying, selling and discounting notes, bills and other evidences of debt, domestic and foreign, dealing in gold and silver bullion and foreign coin, and circulating notes and loaning money on real estate and personal security; and the place where the business of this corporation is to be carried on is the Village of Brainerd in Crow Wing County, Minnesota.

THIRD. The names and places of residence of the incorporators, and the number of shares held by each of them are as follows:

Name Res. and P. O. No. shares
J. P. Ernster, Minneapolis.....50

The Intelligent Newcomer.

We are credibly informed that Englishmen are the greatest colonizers in the world, the greatest sportsmen in the world and the greatest outdoor people in the world. Sometimes, out in the newer parts of Canada, people are willing to argue that. A western bishop hired a new come Englishman to cook, as he was the only one in the party who could not cook, and cautioned him to be sure to wash the meat before cooking it. He did—with soap.

It was an Englishman not yet across the water who wrote to find out about the proper outfit for Canada and who inquired whether moccasins or snowshoes were regarded as the warmer for footwear.

It was an Englishman on the Athabasca river who bored a hole in a floating scow to let the water out. And yet another Englishman, when asked to set a watermark at night to determine whether or not the river was rising, carefully made a mark at the water line on the side of a floating boat.

On the whole, there seems to be a great difference between colonizers and colonists.—Saturday Evening Post.

HOW TO TEST YOUR EYES

A SIMPLE TEST FOR NORMAL EYESIGHT.

An eye test that costs but five cents and is worth the price made from the value of the test is a moving picture show. If you sit through an average program without your eyes aching or feeling dry and open and close them frequently, and if an hour later, or the next morning, your eyes feel perfectly smooth and easy, there is nothing much the matter with them. If, however, after such a program your vision is dim, your eyes feel dry or irritated or burn or itch or are full of work, try this prescription:

Option 5 Grains (1 tablet).
Water 2 ounces.

Dissolve the tablet in the 2 ounces of water and use as an eye wash from two to four times a day. This application relieves the tired feeling, seems to lessen the stress or strain and makes your eyes feel smooth and fine. It is a boon after an evening at the moving pictures or after a hard day's work where you have used the eyes incessantly. Irritation, inflammation and many minor eye troubles are greatly benefited and sometimes wholly cured by the use of this prescription. If you wear glasses, try it. You may, to your own surprise, find that you do not need them. Glasses bought at cheap stores without scientific adjustment to the eyes, or glasses worn too long without readjustment, are oftentimes more absolutely unnecessary, but positively injurious. The use of this prescription may give you a favorable opportunity to judge whether or not you need glasses. It is a simple home remedy that has been used by hundreds of thousands, and among its users many regard it as an indispensable part of their daily toilet.

PUBLIC CONFIDENCE

As Seen by the General

Public confidence is the greatest asset that any house of business can possess. It is more to be desired than the ability to make money.

There are degrees of public confidence. It may be zero, a minus quantity, or a plus quantity. At zero no real business exists—nobody is for or against such a house. But this condition only exists where the house or its goods are unknown, and as soon as the public has given the house a trial it will pass judgment on public confidence will then be expressed by a plus or minus sign, according to the approval or disapproval of the public as to the goods and policies of the house.

The goods and policies of a house of business are not represented, or if the policies are not in accordance with the ethics of good business, public confidence will drop to a minus quantity and the people will transact business with its competitors whose business ideas are on a higher and more satisfactory plane. If the goods are satisfactory, and if the policies of the house are right, the people will continue to do business with that house and will help to build it up.

The plus sign of public confidence is always attached to the name of a house of business that considers service to its customers, absolute integrity with reference to its goods, and high ideals in its business policies, as being of greater consequence than the mere earning of dividends. A well satisfied community of customers is the key to the success of any house of business, and having established this, dividends will be sure to follow.

Insects and Flowers.
Experiments on showy flowers like the poppy tend to show that insects are not always attracted to flowers by the brightly colored petals, but rather by the perception—doubtless by means of smell—that there is honey or pollen. In these experiments the unopened flower bud is inclosed in a gauze net so as to protect it from insects, and when it expands the petals are carefully removed without touching the remaining parts with the fingers (for bees avoid a flower if the smell of human fingers is left on it), and the petal-less flowers receive practically as many insect visits as untouched flowers do.

Notice of Application to Adopt

Whereas, Charles F. McCarthy and Sarah V. McCarthy have petitioned the District Court in and for Crow Wing County, Minnesota for a decree of adoption of one Mary Magdalene McCarthy, a female child of the age of between two and three years, and it appearing by said petition that the parents of said child have abandoned said child and cannot be found; that said child has no guardian and no known next of kin residing in the State of Minnesota.

Notice is hereby given, that a hearing on said petition will be held at the chambers of said Court in the City of Brainerd, in said Crow Wing County, Minnesota, on the 10th day of October, 1914, at 10 o'clock in the forenoon, and it is hereby ordered, that three (3) weeks' notice of said hearing be given by the publication in the Brainerd Daily Dispatch, the last publication to be at least ten (10) days before the time set therefor.

THE STOKER APPRECIATES THE GOOD JUDGES TIP

CUT loose from the big bulky wad. For a clean, small chew there's nothing like "Right-Cut." It is the Real Tobacco Chew that you hear men boosting to their friends.

Pure, sappy tobacco—seasoned and sweetened just enough. You get the taste of the richest tobacco grown.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shred so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

If your dealer does not sell it, send us 10c. in stamps for a pouch of "Right-Cut" Chewing Tobacco.

A SIMPLE TEST FOR NORMAL EYESIGHT.

An eye test that costs but five cents and is worth the price paid from the value of the test is moving picture shows. If you can sit through an average program without your eyes aching or feeling dry and tired without feeling an inclination to open and close them frequently, and if an hour later, or the next morning, your eyes feel perfectly smooth and easy, there is nothing much the matter with them. If, however, after such a program your vision is dim, your eyes feel dry or irritated, or burn or itch or ache or feel overworked, try this prescription:

Option 5 Grains (1 tablet).
Water 2 ounces.

Dissolve the tablet in the 2 ounces of water and use as an eye wash from two to four times a day. This application relieves the tired feeling, seems to lessen the stress or strain and makes your eyes feel smooth and fine. It is a boon after an evening at the moving pictures or after a hard day's work where you have used the eyes incessantly. Irritation, inflammation and many other eye troubles are greatly benefited and sometimes wholly cured by the use of this prescription. If you wear glasses, try it. You may, to your own surprise, find that you do not need them. Glasses bought at cheap stores without scientific adjustment to the eyes, or glasses worn too long without readjustment, are oftentimes not only absolutely unnecessary, but positively injurious. The use of this prescription may give you a favorable opportunity to judge whether or not you need glasses. It is a simple home remedy that has been used by tens of thousands, and among its users many regard it as an indispensable part of their daily toilet.

PUBLIC CONFIDENCE

As Seen by the General

Public confidence is the greatest asset that any house of business can possess. It is more to be desired than the ability to make money.

There are degrees of public confidence. It may be zero, a minus quantity, or a plus quantity. At zero no confidence exists—nobody is for or against such a house. If it is this condition can exist only where the house or its goods are unknown, and as soon as the public has given the house a trial it will pass judgment, and public confidence will then be expressed by a plus or minus sign, according to the approval or disapproval of the public as to the goods and policies of the house. If the goods are not as represented, or if the policies are not in accordance with the ethics of good business, public confidence will drop to a minus quantity and the people will transact business with its competitors whose business ideals are on a higher and more satisfactory plane. If the goods are satisfactory, and if the policies of the house are right, the people will continue to do business with that house and will help to build it up.

The plus sign of public confidence is always attached to the name of a house of business that considers service to its customers, absolute integrity with reference to its goods, and high ideals in its business policies, as being of greater consequence than the mere earnings of dividends. A well satisfied community of customers is the key to the success of any house of business, and having established this, dividends will be sure to follow.

Insects and Flowers.

Experiments on showy flowers like the poppy tend to show that insects are not always attracted to flowers by the brightly colored petals, but rather by the perception—doubtless by means of smell—that there is honey or pollen. In these experiments the unpollinated flower bud is enclosed in a gauze net so as to protect it from insects, and when it expands the petals are carefully removed without touching the remaining parts with the fingers (for bees avoid a flower if the smell of human fingers is left on it), and the petal-less flowers receive practically as many insect visits as untouched flowers do.

Notice of Application to Adopt

Whereas, Charles F. McCarthy and Sarah V. McCarthy have petitioned the District Court in and for Crow Wing County, Minnesota for a decree of adoption of one Mary Magdalene McCarthy, a female child of the age of between two and three years, and it appearing by said petition that the parents of said child have abandoned said child and cannot be found; that said child has no guardian and no known next of kin residing in the State of Minnesota.

Notice is hereby given, That a hearing on said petition will be held at the Chambers of said Court in the City of Brainerd, in said Crow Wing County, Minnesota, on the 10th day of October, 1914, at 10 o'clock in the forenoon, and it is hereby ordered, That three (3) weeks' notice of said hearing be given by the publication in the Brainerd Daily Dispatch, the last publication to be at least ten (10) days before the time set therefor.

W. S. McLENNAN, District Judge.
Dated August 26th, 1914.

BRAINERD

THE STOKER APPRECIATES THE GOOD JUDGE'S TIP

CUT loose from the big bulgy wad. For a clean, small chew there's nothing like "Right-Cut." It is the Real Tobacco Chew that you hear men boosting to their friends.

Pure, sappy tobacco—seasoned and sweetened just enough. You get the taste of the richest tobacco grown.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, cut fine and short shreds so that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and licorice. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

If your dealer does not sell it, send us 10c. in stamps for a pouch of "Right-Cut" Chewing Tobacco.

GOOD SUGGESTION TO BRAINERD PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Alder-i-ca, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves your stomach almost IMMEDIATELY. We are mighty glad we are Brainerd agents for Alder-i-ca. Johnson's Pharmacy, Advt.
